Welcome to the University of Michigan Library

The University Library is one of the largest in the country. We have many services and resources in print, electronic, and multi-media formats. We welcome the opportunity to meet you and work with you. Staff at all of the U-M libraries can assist you in person at any service desk. Librarians for all subject areas are available to help you.

How do I get to the University Library online catalog?

The catalog, Mirlyn, is available on the Web at:
mirlyn.lib.umich.edu

How about electronic journals and databases?

The Library provides thousands of resources electronically, including full-text journals, books, and databases. These resources are accessible via Mirlyn and from the main search box on the library home page:
www.lib.umich.edu

You can also search and browse databases and journals here:
www.lib.umich.edu/searchtools

For access outside the library and on mobile devices:
www.lib.umich.edu/computing-library/access-outside-library

How do I get to full-text of online articles?

Look for the **MGet It** button when searching in the MLibrary databases or SearchTools, or when searching journal titles in **Mirlyn**. Click on **MGet It** for access to all available formats.

How can I improve my technology skills?

Visit or contact any of these MLibrary facilities:

The **Clark Library**, located in the Hatcher Graduate Library, offers workshops and consultations on using GIS and data visualization tools.
www.lib.umich.edu/clark-library

The **Digital Media Commons**, in the Duderstadt Center, is a state-of-the-art multimedia facility with visualization and virtual reality technologies. The DMC offers professionally staffed labs and serves as a development center for new collaboration technologies.

SAND North, in the Art and Architecture Building, provides support for GIS and data visualization tools.
www.lib.umich.edu/clark-library/resources/sand-north-lab

The **Scholarspace** in the Hatcher Library is a place to • collaborate with fellow students and faculty on digital and tech-enabled projects • discuss technology options and get hands on instruction • integrate learning technologies into the curriculum
<http://www.lib.umich.edu/scholarspace>

The **Shapiro Design Lab**, in the Shapiro Library, provides students, faculty, and staff a place to incubate new projects and new ideas, and offers labs, workshops, hackathons, consultations, and more.
